### ELECTION OF DIRECTORS.

Seven New Members of United States

Trust Company. At the regular annual meeting of the stockholders of the United States Trust Company, held at noon yesterday, seven new directors out of a total of thirty were elected, about 600 stockholders voting. This change in the personnel of the institution was brought about by the strong buying of the stock of the company by local and of t-of-town interests. A change in the directorate does not necessarily mean a change in the ownership of the bank, as one of the officials of the institution expressed himself. The ownership of the majority of the stock, it is

said, remains the same. One of the new directors is Richard Elkins, a son of Senator Elkins, who is already interested in a chain of banks and trust companies, besides his many other large holdings. Who the new interests represented in the directorate are was not made public by the bank.

The following thirty directors were 654 Brown, James A. Cahill, W. G. Car- of New York, and Overstreet, of Indiana Stevens, L. C. Strider, South Trimble. Charles W. Warden, and J. H. Wood. The new members are: Elkins, Galliher, Avingstone, Mann, Midyette, Strider, and

A meeting of the board for the purpose of choosing its officers for the ensuing year will be held September 14.

Chicago, Sept. 1—The short interest in wheat became nervous and there developed quite a rush to
